Exiting new plans for Saxon Motorcycles
New owners Saxon Motorcycles USA

Casa Grande, Arizona - USA

New owners have taken over Saxon Motorcycles USA as officially back on Monday August 24, 2009. We are pleased to announce the transition in ownership and the exciting plans to take Saxon Motorcycles into 2010 and beyond.

Saxon Motorcycles was created in 2004 to develop and produce a semi custom production V Twin cycle at an affordable price. We currently have 9 US compliant models in our line for 2009 and are planning to introduce 1 new model for 2010, a semi custom bagger. Saxon Europe now has 4 EU compliant models in their line.

Plans in the works now include another new model in the 2011 line up and increasing the Dealer network in the USA, Europe, Canada and Australia.

The new management team is committed to the continued growth and success of Saxon Motorcycles and will continue to focus on quality motorcycles at a price everyone can afford along with delivering superior customer service.

"We are excited to hear the new plans. Both in the USA as in Europe we can present even better motorcycles and custom items" says Frank Vermeulen, co-owner of Saxon Motorcycles Europe. His business partner Rinke Andringa adds: "We can expand the possibilities of the Saxons and are looking for more dealers in Europe."

Watch our website for more announcements and current events where Saxon Motorcycles will be attending.
